

## **HONORING AN AMERICAN PATRIOT**

My Dear Friends,

Today, in partnership with Thomas Nelson Publishers, we are launching the “*Honor and Pray for an American Patriot*” campaign to recognize our fellow Americans who have demonstrated through their lives a love and devotion for God and Country.

As a part of this nation-wide effort, visitors to [americanpatriotsbible.com](http://americanpatriotsbible.com) can share a name, information, and even a photo which will be displayed in the online *American Patriot's Gallery*.

Who is an American patriot? A patriot could be someone who has, or is now serving in the U.S. military, a former teacher, a family member, a civil servant, a pastor, a friend, etc., who you believe has displayed the godly qualities that helped shape the legacy of our great nation and who have followed the path paved by godly men and women, like others who are recognized on these special pages.

Those who are honored will receive a special certificate of recognition letting them know that you have honored them for their faith, patriotism, and loyalty.

These dedications will also allow individuals and churches to give thanks and pray for these men and women who have been a vital part in making America great.

Now, more than ever in our nation's history, it's essential that we take a stand to declare, "In God We Still Trust." We also need to point Americans away from "Hollywood Idols" and discover the real Heroes of America in our own hometowns and families.

Will you join with other Americans today and show your support by honoring someone who you consider an American Patriot? It is quite simple, yet greatly important for America as people from around our nation and the world will surely visit this site.

**Here's how you can help in just 4 easy steps.**

1. Go to <http://americanpatriotsbible.com> and click the red seal that says, "Honor & Pray For An American Patriot." This will open a second page.
2. On the second page, click on the red bar that says, "NOMINATE A PATRIOT HERE."
3. Insert their information (name, email address, etc.) If they do not have an email address, please use your personal email address in this field instead. Insert a 200 words or less testimony and then upload their photo if available. Note: You must hit the "upload" button before clicking "submit" for your photo to be included in the entry. Photos are recommended but not required for entry.
4. Then click "Submit" and they will be included in the American Patriot gallery and receive their special certificate of recognition. Please allow 2-3 business days for your nomination to be accepted and posted to the site.

Thank you in advance for your help in honoring your fellow Americans.

For God and Country,

Dr. Richard Lee
